

PFT Special twirling stick

1. Special twirling stick (big cage)
Part no. 20 48 03 00
2. Special twirling stick (small cage)
Part no. 20 48 03 10
3. Special twirling stick (conic cage)
Part no. 20 48 03 30

PFT MIXER The handy „muscle-men“

Strength-saving mortar mixers.

Advantages at a glance:

- ▶ Powerful motors
- ▶ High on-load speeds
- ▶ Short mortar mixing time
- ▶ No "smouldering" and "overheating"
- ▶ Enormous torque provides considerable suction in the mortar tub
- ▶ Stable housing
- ▶ Light and handy
- ▶ Packaging suitable for stacking
- ▶ The right beater for every type of mortar

Fields of application:

for example:

- ▶ Ready-mixed mortar
- ▶ Bedding an bond plaster
- ▶ Bonding mortar
- ▶ Knifing filler
- ▶ Paint

Attention:

Or in imperative:

Dip in the twirling stick on an angle so tiring mixing is spared.

Technical data:	A. PFT Mixer 1,600 Watt	B. PFT Mixer 1,800 Watt Vario
Part no.	20 48 01 00	20 48 01 21
Power cable:	2 x 1.5 ² mm 07 RN, 10 m	2 x 1.5 ² mm 07 RN, 10 m
Power connection:	220 V/50 Hz	220 V/50 Hz
Power consumption:	1600 Watt	1800 Watt
Power output:	1040 Watt	1300 Watt
Drive:	410 rpm/min	290–590 rpm/min
Weight:	5.5 kg	5.8 kg
Miscellaneous:	M 18	M 18
Length:	490 mm	540 mm

Standard equipment:

- Part no. 20 48 01 00 = PFT Mixer 1,600 Watt without twirling stick
Part no. 20 48 01 21 = PFT Mixer 1,800 Watt Vario
with special twirling stick, small cage
